To Our Suppliers:

Join Our Network of CMMC Level 2 Certified Suppliers

Cybersecurity compliance is critical for continued partnership with Elbit Systems of America. We are actively building our network of suppliers who have successfully completed their Cybersecurity Maturity Model Certification (CMMC) Level 2 assessment.

If your organization's Supplier Performance Risk System (SPRS) record shows a CMMC Unique Identifier (UID) beginning with "**L2**", please email suppliers@elbitsystems-us.com and include:

- ☐ Organization name
- ☐ Organization fact sheet
- ☐ Data Universal Numbering System (DUNS) #
- ☐ Physical address
- ☐ Corporate contact for CMMC activities
- ☐ Contact's email address
- ☐ Contact's phone number

After we receive your information, Exostar <<https://www.exostar.com>> will e-mail your CMMC lead to register in their Supplier Management portal. Once registered, your lead will complete a short questionnaire confirming your CMMC details from SPRS. This step ensures accurate onboarding into our CMMC approved supplier list.

If you are still working toward Level 2 certification, we encourage you to attend CMMC-focused events such as **CUI-CON (February 11-13)** <<https://CUI-con.com>> and **CS5-West (April 16-17)** <<https://CS5West.org>>. These conferences provide valuable insights and networking opportunities to accelerate your compliance journey. If you'd like to meet our CMMC Lead at these events, please email suppliers@elbitsystems-us.com to schedule a meeting.

We look forward to partnering with you to strengthen cybersecurity across the Defense Industrial Base.

Jason S Allen
Vice President, Supply Chain
Elbit Systems of America, LLC.
